Asia Society’s International Studies Schools

Our speaker today is Amy Wood who is the Principal at Grant Middle School, and she will tell us why Grant has recently joined Asia Society’s International Studies Schools. The ISSN schools are a network of design driven schools whose shared mission is to develop globally competent, college, and career ready students. This work is advanced as students are taught to: Investigate the World, Recognize Perspectives, Communicate Ideas, and Take Action in the world.

Bev Young is currently looking for host families for our next student from Taiwan. He is 15 years old and will turn 16 when here in September. He has good English skills. Loves Basketball and enjoys being a part of a team. Family is very important to him. He has shown leadership skills at his current school. Please talk to you friends and co-workers if you do not personally have an interest. I would be glad to talk to anyone who would have even a slight interest to further explain the program and responsibilities of becoming a host family.

The Invocation today will given by Diane Watson and Angela Carbetta will greet you.
